

advice

my words will be spoken
and time will tell
soon you won't be broken
all will be well

when you are down
and can't even speak
stuck with a frown
tired and weak

remember who you are
what you want to do
how you will go far
you will get through this too

you are one of a kind
don't make conclusions
that you are defined
by mistakes or confusions

the way your eyes glow
and how you talk with your hands
when you drink your espresso
thinking of your dreams and plans

full of passion and zeal
always in a good mood
authentic and real
that's how you are viewed

you are the spark of a fire
the match lightning the flame
someone we all admire
life wouldn't be the same

so please don't feel
like you're alone
you've been through a great deal
and through that you've grown

remember who you are
what you want to do
how you will go far
you will get through this too
