Tired heart. Sweetened tart.
Something creepy. I'm not sleepy.
Sighing deeply. Crying weakly.
Weekly.
Seeking habit. Wreaking havoc.
Throat is closing. Truth exposing.
Heavy load.
Implode. Explode.
Intro. Outro.
Big miss. Hate this.
Pitter patter. Eerie chatter.
Cheater. Greeter.
Like to meet her?
Seen her?
Never. Wrinkled sweater.
Better. Worse.
Broken curse.
Token purse. Blackened hearse.
Round the corner. Kindly coroner.
Sight for sore eyes. Cryptic lore dies.
Roll dice. Blink twice.
Nothing's nice. Eyed three blind mice.
Please come here, dear. Am I clear, dear?
A quiet seer was in the mirror, dear. She lied through tears, dear. They didn't hear, dear.
Waxing. Waning. Stop complaining.
Play the game. They look the same.
Fine play your tricks. In lines of six.
The poison pays. Too many ways.
I know this place. There is no grace.
